Dear Sir or Madame:

This is in reference to a recent inquiry, regarding the authority for the above-referenced radio station to be off the air. Commission records do not indicate that this station has requested FCC permission to remain off the air for any period of time.

Section 73.1740(a)(4) of the Commission's Rules states that:

[in] the event that causes beyond the control of a licensee make it impossible to adhere to the operating schedule of this section or to continue operating, the station may limit or discontinue operation for a period of not more than 30 days without further authority from the FCC. Notification must be sent to the FCC in Washington, D.C. not later than the 10th day of limited or discontinued operation. During such period, the licensee shall continue to adhere to the requirements in the station license pertaining to the lighting of antenna structures. In the event normal operation is restored prior to the expiration of the 30 day period, the licensee will so notify the FCC of this date. If the causes beyond the control of the licensee make it impossible to comply within the allowed period, informal written request shall be made to the FCC no later than the 30th day for such additional time as may be deemed necessary.

Further, the licensee must demonstrate in the request that all steps to resume normal operation are being undertaken in an expeditious and timely fashion.

On December 11, 1991, the Commission adopted a Report and Order (copy attached) which amended Part I of the Commission's Rules, to implement Section 5301 of the Anti Drug Abuse Act of 1988. Pursuant to the Report and Order, applicants requesting Special Temporary Authority to remain silent, are required to certify that neither the applicant nor any party to the request is subject to a denial of Federal benefits under Section 5301.

Accordingly, you are requested to verify that this station is currently operating under the specifications of the station's license. If temporary authority is necessary, your attention is directed to the provisions of Section 73.1740(a)(4). If you do not intend to return the station to the air, you should surrender the license for cancellation. You are advised that failure to file the requested information within 30 days from the date of this letter will result in appropriate action by the Commission to terminate your authority to continue as a licensee.

Sincerely,

Dear Ms. Searcy:

Educational Media Foundation, Inc. ("EMF"), the proposed assignee of KRDG(AM), Redding, California, hereby submits an FCC Form 301 application requesting a waiver of the main studio rules with respect to that station. EMF's acquisition of KRDG has been approved by the Commission (See FCC File No. BAL-910802), and a closing is expected in the very near future.

On November 21, 1991, EMF filed an FCC Form 340 application requesting authority to operate the station as noncommercial educational facility. At the same time, that application requested a waiver of the main studio rules. By informal staff request, EMF has been asked to submit a 301 application seeking the main studio rule waiver. That application is submitted herewith.

As this request is filed by a nonprofit entity who will be operating its station noncommercially, no fee filing is required. Thus, none is submitted.

Should there be any questions concerning this matter, please contact the undersigned.

Sincerely,

David D. Oxenford
